

Zoning Board of Adjustment
Site Walk Draft Minutes
20 First Street
6:00 PM on Tuesday, April 6, 2022

Present

- Pam, Neelima, Michelle, Betty
- Joe Maynard
- Numerous abutters and observers

Upon questions by the board, Joe Maynard pointed out the boundaries of the property. He pointed out the stakes showing the corners of the proposed residence. He indicated the area where the well would be located. He answered questions from the board and abutters about elevations of the building. When questioned about the location of the septic system, he indicated that the proposed site of the septic system, a property across and down the street from this property, was no longer an option and that he was working on a new septic design.

Adjourned 6:30 PM
