

What are *your* thoughts about NH Route 111 in Windham?

The Town of Windham has launched a survey to get feedback on NH Route 111 in Windham. The Town, along with NHDOT, is asking Windham residents and users of the section of NH Route 111 shown in the map above to [take the survey now](#) to understand how to improve this corridor.

The goal is to improve the road to better accommodate cars, trucks, bicycles, and pedestrians, while addressing daily congestion challenges, both now and in the future. This feedback will directly contribute to the recommendations of the new NH Route 111 Corridor Study.

It is important in the early stages of this Study that we understand community concerns and desire for improvements on the road.

If you would like more information on the study, go to www.dot.nh.gov/projects-plans-and-programs/project-center/windham-40663. You may also sign up for updates by clicking on this link: [Join our e-mail distribution list](#)
