WINDHAM
TOWN COMMON
BEAUTIFICATION
PROJECT

Artist Rendering of New Bridge

“Bridge to Beautification”

The wooden bridge in the center of the Town Common which expands over Collins Brook is planned to be replaced with a fully accessible cast iron aluminum bridge.

The Committee is seeking donations towards the bridge project. Donations of \$2,500 or more will be recognized on a collective plaque near the bridge as follows:

\$2,500+	Bronze
\$5,000+	Silver
\$10,000+	Gold

**All donations will be tax deductible.*

Proposed Street Elevation – North Lowell

What the Project is About

The Windham Town Common Beautification Committee (TCBC) was formed at the request of the Board of Selectman to look at options and alternatives to enhance and beautify Windham’s Town Center. The project includes the areas around, Town Hall, the Armstrong Building, the Community Development Building, the Town Pound, the Veteran’s Memorial, and the common area behind the Senior Center and the Bartley Building. The drawings represented here show the conceptual plans developed for this project as well as the construction plans for Phase One.

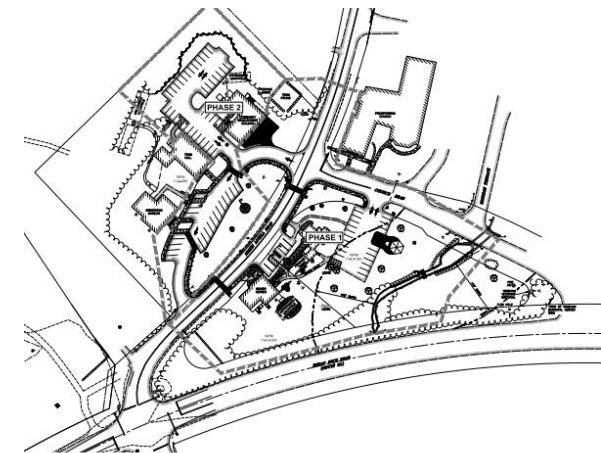

Proposed Street Elevation – Town Hall/Planning

Where We Are in the Process

- ✓ The conceptual plans as well as construction design plans have been approved by the Board of Selectmen.
- ✓ The Board authorized the Committee to (1) solicit bids for the project; (2) submit a CIP request for funding; and (3) to engage in a fundraising campaign for the project as a whole and specifically a new Bridge over the brook running through the common.

Proposed Gazebo Reconstruction – Bartley/Senior Center
